

MyHAPPINESS

TO MY PRECIOUS LOVE

Written by Y.B in NOV 4TH

In the dark, a chase.
Something's be trying to hold me down
And leave me no hope on the ground.
I'm questioning my existential,
Desperately craving endlessly
Then you came to me genuinely
You loved me and i froze in time
How could I get lucky like this
What have I done?

Where have i been all this time,
I'll never understand what's been going on my mind.
whenever i go i see you all around me.
Your shyness rings inside me.

Someone like me with someone like you
How unlikely too good to be true
When i see you and you see me.
How pleasant this feeling.
The moment you hold me, It woke me.
As we're walking in motion, time fades unknowingly
Myself sparks slowly as your voice consoles me.
We are laughing we are closer, its calming.
We are alone, we are hugging, its love.
I'm so glad know, how it feels to rest

on your soft shoulders, as i close my eyes
I hear your heartbeat, In your passion.
I was lost in an eternal bliss.

When i looked at my watch,
 Seeing its already time to leave.
I start looking in the bubble, the hours we spent.
I wonder if i could make minutes last forever,
I'd save up time and spend them with you.
I know its hard to believe, i know it isn't fair.
Knowing you'll always come back to me. lets me go.
As i'm walking away, I turn around watching u go
My eyes begin to tear, from being fulfilled with joy.

My love,
 Haven't you been told
Where ever i am
Where ever you'll be, i'll always go find you
I'd risk it all, For you anytime.
Words won't get enough of you
You're truly bittersweet taste of love
I miss you everyday, every night, I'm sorry.
I'm grateful to have you by my side in all times
 As my friend, my partner, and my love.

I Love you F.B
