Lastly ...

Younes Ben El Haj

Give Me A Sign

I can't hold myself anymore.
Hopelessly waiting for you to come.
Thinking of the times that we have.
I keep my mind for you, to stay.
Holding back, hoping for you to ask.

I have see myself turning into dark
 Losing my existence everyday.
 Don't wanna see myself replacing you.
I know that you are afraid.
 So just let me show you.
 There is no one in the world than you
 Who has won my heart.
I will forgiving you for hurting myself. As
 Sometimes thru all of the things
 We think and say love can be a breath away

I lost you once but don't want to lose you twice.
 Will you ever make a sign

For You
