

I WANNA

SO MUCH MORE ...

Younes Ben El Haj

*When i hear your voice
I'd look at the roof
And think of everyway
I'd see you soon
If you'd look at the sky
You'd know..
I ain't far away
I wanna get you more, often
To see your joy
To take you on up
To hold you under
To kiss you undone
I'd never seek a better
Being your lover
I've got a feeling for you
Nothing else matter*

For you
